### Bachelor of Science in Business Administration Accounting Concentration

The BSBA with an Accounting Concentration requires 120 credit hours. The following is a suggested plan of the required coursework for a full-time student. *If you are a full time student and wish to only take 4 courses per semester, you will need to take 2 courses in the summer each year to graduate in 4 years.* If you are a part-time student you will need to take these classes in order as much as the course schedule for each semester allows. Not all courses are offered each semester. Should you need to repeat a course, you should retake it the next time it is offered.
