Middle Georgia State University

ETHICS AWARENESS WEEK

November 2nd-6th 2026

The purpose of this week is to remind employees of our commitment to an ethical culture and our shared ethical values and expectations. In support of this effort, Middle Georgia State University will be hosting activities to build upon our ethical culture by promoting activities related to our system-wide shared core values of integrity, excellence, accountability, and respect. We will emphasize that, in addition to our ethical values, our Code of Conduct is the foundation of the USG's priorities of degree attainment, affordability and efficiency.

WEEK OF EVENTS

Activities during this week will bring awareness to ethics, reinforce the principles of recognizing the hard work of employees, and promote our shared values. Our theme for this week is the "SPIRIT of USG." Activities planned will emphasize:
Stewardship. Prevention. Integrity. Responsibility. Inspiration. Trust.
