Benefit to MGSC Faculty in terms of Faculty Development: (100 word limit)

Sigmund Freud is one of the most influential (and controversial) contributors to psychology. It would be an honor to have him on our campus, where he will talk about his latest research and be available for a Q&A session after his presentation. Freud is such an iconic figure that faculty from other disciplines would also benefit from his presentation.

Benefit to Community Relations (if open to the public) (50 word limit)

This event would be open to the public, free of charge, but with tickets required due to limited space. Sharing this event with the public would definitely boost community relations and favorable publicity for the college.
