Bachelor of Science in Nursing, Warner Robins

Semester reporting: Fall Semester 2019

Academic Program Assessment

Program and Assessment Report Information

Prepared on: 6/17/2020 9:58:12 AM	Prepared by: kendra.russell@mga.edu		
	Email address of person responsible for this		
	report: kendra.russell@mga.edu		
In which college or school is this program	Health and Natural Sciences		
located?			
Program Type:	Undergraduate		
For which program is this assessment being	Bachelor of Science in Nursing		
submitted?			
Reporting Cycle:	Annual Reporting Cycle		
Which semester were the data collected and	Fall Semester 2019		
analyzed?			
For which campus are these assessments being	Warner Robins		
submitted?			
Approximately how many students are in this	160		
program at this location?			

SLO 1: What is the first Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to)	Collaborate with members of the interprofessional health care team to promote continuity of patient care and achievement of optimal outcomes.
SLO 1: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	NURS 4000: Concepts of Community Health and Transcultural Nursing Community Assessment Project
SLO 1: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on)	90% of the students will score 80% or above on the community assessment project.
SLO 1: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	100
SLO 1: Evidence of changes based on an analysis of the results: What changes were implemented, if applicable, based on an analysis of the students' performance on this Student Learning Outcome? (Evidence of the improvement must be kept and filed in the department or academic unit including but not limited to: changes in exam questions, reading assignments, syllabi, course instruction materials or assignments. Both old versions and new versions should be kept on file for 10 years. Major changes to curriculum must go through the Academic Affairs process.)	Goal met.Will continue to monitor students' progress toward target goal.

SLO 2: What is the second Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to)	Evaluate the development and implementation of quality improvement strategies to advance health care services.
SLO 2: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	NURS 4315: Senior Nurse Practicum EBP Group Project/ presentation
SLO 2: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on). SLO 2: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	90% of students will score 80 points or more on the NURS 4315 EBP Group Project presentation indicating their ability to evaluate the development and implementation of quality improvement strategies to advance health care services. 100
SLO 2: Evidence of changes based on an analysis of the results: What changes were implemented, if applicable, based on an analysis of the students' performance on this Student Learning Outcome? (Evidence of the improvement must be kept and filed in the department or academic unit including but not limited to: changes in exam questions, reading assignments, syllabi, course instruction materials or assignments. Both old versions and new versions should be kept on file for 10 years. Major changes to curriculum must go through the Academic Affairs process.)	Goal met.Will continue to monitor students' progress toward target goal.

SLO 3: What is the third Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to) SLO 3: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	Integrate information technology resources into the provision of patient care. NURS 4315: Senior Nurse Practicum Clinical Evaluation Tool/ Clinical observation: Informatics
SLO 3: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on).	95% of students in the program will earn a score of satisfactory on the clinical evaluation tool section: Informatics
SLO 3: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	100
SLO 3: Evidence of changes based on an analysis of the results: What changes were implemented, if applicable, based on an analysis of the students' performance on this Student Learning Outcome? (Evidence of the improvement must be kept and filed in the department or academic unit including but not limited to: changes in exam questions, reading assignments, syllabi, course instruction materials or assignments. Both old versions and new versions should be kept on file for 10 years. Major changes to curriculum must go through the Academic Affairs process.)	Goal met.Will continue to monitor students' progress toward target goal.

SLO 4: What is the fourth Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to)	Use leadership skills in the delegation of safe, quality patient care.
SLO 4: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	NURS 4315: Senior Nurse Practicum ATI Comp Predictor: Leadership
SLO 4: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on	90 % of students in program will score 70% or above as a cohort On the ATI Comp Predictor: Leadership
SLO 4: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	10
SLO 4: Evidence of changes based on an analysis of the results: What changes were implemented, if applicable, based on an analysis of the students' performance on this Student Learning Outcome? (Evidence of the improvement must be kept and filed in the department or academic unit including but not limited to: changes in exam questions, reading assignments, syllabi, course instruction materials or assignments. Both old versions and new versions should be kept on file for 10 years. Major changes to curriculum must go through the Academic Affairs process.)	This target is a new measure for the SLO. We will assess the topic questions and determine alignment with course objectives for appropriateness.

Sampling

How many students participated in the	73
assessment of these learning outcomes, in this	
program, for this assessment cycle at this location?	
location:
