Student Learning Outcomes

SLO1

7. SLO 1: What is the first Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to.....)	Graduates will demonstrate effective oral communication skills.
8. SLO 1: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	Oral Presentation with rubric in IDS 3800 (IDS Oral Presentation Rubric).
9. SLO 1: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on....)	80% of all students will earn 80 or better on the oral presentation.
10. SLO 1: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	88.46
11. SLO 1: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on this Student Learning Outcome?	Program goal is met. A learning initiative was put in place last year that consisted of the following: 1. Implement a workshop on thesis statements into the course before the assessment measuring SLO1; and have students hand in the PowerPoint of their presentation so that instructor can provide constructive feedback before the assessment for SLO1 comes due. Success rate has gone from 66.67% in AY19-20 to 88.46% in AY20-21. It is to be noted that due to curricular changes to the IDS program, starting AY 21-22, SLO1 will be assessed in HUMN 2151, HUMN 2155, or HUMN 2156. The learning initiative will be implemented in these classes.

Student Learning Outcomes

SLO2

12. SLO 2: What is the second Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to.....)	Graduates will demonstrate effective writing and research skills.
13. SLO 2: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	SLO2 is assessed in the final paper in an IDS Cultural Studies elective (HUMN 3010, HUMN 3206, HUMN 4471, HUMN 4472); graded with a rubric (IDS Writing Rubric).
14. SLO 2: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on.....).	80% of all students will earn 80 or better in the final paper in an IDS Cultural Studies elective course.
15. SLO 2: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	71.43
16. SLO 2: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on this Student Learning Outcome?	Program goal is not met. The success rate for SLO2 was 81% in AY19-20 and has dropped to 71.43% for AY20-21. The IDS curriculum committee met and decided on the following student learning initiative: students will hand in a draft of the paper. It is to be noted that due to curricular changes to the IDS program, starting AY 21-22, SLO2 will be assessed in IDS 3800.

Student Learning Outcomes

SLO3

18. SLO 3: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	SLO 3 is assessed in the final interdisciplinary research paper in an IDS praxis course (HUMN 3999, IDS 4010, IDS 4020, IDS 4030, IDS 4040, IDS 4050, IDS 4060, IDS 4070, and/or IDS 4080); graded with a rubric (IDS Interdisciplinary Writing Rubric).
19. SLO 3: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on.....).	80% of all students will earn 80 or better in the final IDS research paper in an IDS praxis course.
20. SLO 3: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	100
21. SLO 3: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on this Student Learning Outcome?	Program goal is met. The success rate for AY19-20 was 80% and it is 100% for AY20-21. It is to be noted that after review by the IDS curriculum committee, this SLO instrument and its rubric have been changed to reflect other possible modes of assessment. Starting in AY21-22, the method of assessment will be an interdisciplinary research paper or interdisciplinary research project using the IDS Interdisciplinary Rubric.
