Bachelor of Science in Nursing, Warner Robins

Semester reporting: Fall Semester 2020

Reporting cycle: Semester Reporting Cycle

Academic Program Assessment by Location Report Information

Prepared on: 7/1/2021 10:55:03 AM	Prepared by: kendra.russell@mga.edu
	Email address of person responsible for this
	report: kendra.russell@mga.edu
In which school is this program located?	Health and Natural Sciences
Program Type:	Undergraduate
Approximately how many students are enrolled	142
in this program at this location?	

SLO1

7. SLO 1: What is the first Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to) 8. SLO 1: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment) 9. SLO 1: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on) 10. SLO 1: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100) 11. SLO 1: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on this Student Learning Outcome?		1
used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment) 9. SLO 1: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on) 10. SLO 1: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100) 11. SLO 1: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on this Student Learning	Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able	caring, and culturally sensitive and based on the physiological, psychological, and spiritual needs
mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment) 9. SLO 1: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on) 10. SLO2

12. SLO 2: What is the second Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to)	Interpret best current evidence, expert opinion, and clinical expertise as a basis for nursing practice and clinical judgement.
13. SLO 2: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	Research Methods Critique of Research (Quantitative & Qualitative) 2nd Semester
14. SLO 2: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on).	90% of students will score 80 points or more on the Qualitative and Quantitative Critique of Research article.
15. SLO 2: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	100
16. SLO 2: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on this Student Learning Outcome?	Goal met. Journaling and virtual poster presentation. Students indicated ability to interpret best current evidence, expert opinion, and clinical expertise as a basis for nursing practice and clinical judgement. Program will continue to monitor and recommends no changes at this time.

SLO3

17. SLO 3: What is the third Student Learning	Provide a safe environment for patients, self, and
Outcome for this academic program? Student	others.
Learning Outcomes should be stated in	
measurable terms (i.e. students will be able	
to)	
18. SLO 3: What instrument (assessment type)	NURS 4000:Family Assessment 3rd Semester
was used to measure student's ability to	,
demonstrate mastery of this learning outcome?	
(i.e. exam, assignment with rubric, speech,	
demonstration of ability, lab assignment)	
19. SLO 3: What target performance level would	90% of students will score 80% or above on the
a student need to achieve on the assessment	Family Assessment paper.
instrument to demonstrate mastery of this	,
learning outcome? (i.e. 80% of all students will	
earn an average grade of 75% or better on).	
20. SLO 3: During this assessment cycle, what	97.5
percent of the students who participated in this	
assessment demonstrated mastery of this	
learning outcome? (this should be a number	
between 0-100)	
21. SLO 3: Evidence of changes based on an	Goal met and no additional actions were taken at
analysis of the results: What changes were	this time.
implemented based on an analysis of the	
students' performance on this Student Learning

outcome.	

SLO4

22. SLO 4: What is the fourth Student Learning Outcome for this academic program? Student Learning Outcomes should be stated in measurable terms (i.e. students will be able to)	Practice nursing in a professional, ethical and legal manner.
23. SLO 4: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. exam, assignment with rubric, speech, demonstration of ability, lab assignment)	Nurse as Leader/ Manager Ethics Responsibility paper/ Debate
24. SLO 4: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on	90% of students will achieve 80% or above on the Ethics Responsibility Paper / Debate indicating practice of nursing in professional, ethical, and legal manner.
25. SLO 4: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	100
26. SLO 4: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on this Student Learning Outcome?	Goal met and no additional actions were taken at this time.

Sampling

27. How many students participated in the	73
assessment of these learning outcomes, in this	
program, for this assessment cycle at this	
location?	

Open Box for Assessment Comments

28. In this field, please document the overall use	Program data is reviewed by campus and
of assessment results for continuous	reviewed for trends annually. Information is
improvement and Open Text Box For Assessment	shared with Nursing Advisory Group for feedback.
Comments:	Target measures and instruments are regularly
	reviewed for updates as needed.
29. If the COVID-19 pandemic impacted this	
assessment cycle, please provide specific details	
below.
