

Middle Georgia State University Academic Program Assessment

Instructions. This form collects assessment information for all academic programs at Middle Georgia State University. Program directors, chairs, or deans, should submit one form each year (or semester) for each academic program and for each site the academic program is offered (https://www.mga.edu/institutionalresearch/docs/Programs by Location.pdf) (i.e. if a program is offered in Macon and Cochran, separate assessments unique to the students enrolled at each location should be submitted). It is essential that improvements based on the assessment are also clearly identified and that the department keeps evidence of those improvements (i.e. new exams, syllabi, instructional tools) when an improvement is identified and implemented. Major changes to curriculum must go through the Academic Affairs process. Student Learning Outcomes (SLO) should match the Assessment Plan and Curriculum Maps found here: https://www.mga.edu/provost/program-histories.php; if they don't please contact OIRDS to update them. NOTE: All fields are required, please place NA or O in response field ONLY if SLO is not being utilized, otherwise full responses are required. Provide ALL necessary information requested to the fullest extent possible, such that a peer reviewer is not required to assume any information not provided. Utilize the provided assessment scoring rubric drafting guideline to evaluate your report prior to submission. https://www.mga.edu/institutionalresearch/docs/IEB Academic Program, Student Support, Advising Scoring Card.pdf

Please SUBMIT the form within 30 minutes of opening this page. If you wait too long to submit you may lose your work In the event that you need to edit your submission, you may contact the Director of Institutional Effectiveness to secure a custom link to edit and resubmit.

Q41. List each program concentration or track within the larger academic program and clearly articulate the expected learning outcomes. (If distinct note them distinctly, if common restate).
AGCNP Traditional Post-masters
Q42. How do you collect and report data on the achievement of these learning outcomes for each program concentration or track?
The DON maintains a systematic plan of evaluation (SPE) for all programs as required by Accreditation Commission for Education in Nursing (ACEN). The SPE contains the assessment of the end of program student learning outcomes for the program as well as program outcomes which include certification pass rates, employment, program satisfaction, and program completion. The assessment occurs annually, and information is shared in the Fall with nursing faculty and with the DON Advisory Board in the spring. The MSN program faculty make recommendations for changes to the plan and activities based on trended data.

To date, the ELA has been met with both tracks with the 4 SLOs assessed for the Fall 22 and Spring 23. There was a total of 28 students assessed for this cycle.
32. How many students participated in the assessment of these learning outcomes, in this program, for this assessment cycle at this location? (Provide Number)
