Title.

Middle Georgia State University Academic Program Assessment

Instructions. This form collects assessment information for all academic programs at Middle Georgia State University. Program directors, chairs, or deans, should submit one form each year (or semester) for each academic program and for each site the academic program is offered (https://www.mga.edu/institutional-research/docs/Programs_by_Location.pdf) (i.e. if a program is offered in Macon and Cochran, separate assessments unique to the students enrolled at each location should be submitted). It is essential that improvements based on the assessment are also clearly identified and that the department keeps evidence of those improvements (i.e. new exams, syllabi, instructional tools) when an improvement is identified and implemented. Major changes to curriculum must go through the Academic Affairs process. Student Learning Outcomes (SLO) should match the Assessment Plan and Curriculum Maps found here:

<https://www.mga.edu/provost/program-histories.php>; if they don't please contact OIRDS to update them.

NOTE: All fields are required, please place NA or O in response field ONLY if SLO is not being utilized, otherwise full responses are required. Provide ALL necessary information requested to the fullest extent possible, such that a peer reviewer is not required to assume any information not provided. Utilize the provided assessment scoring rubric drafting guideline to evaluate your report prior to submission.

Q41. List each program concentration or track within the larger academic program and clearly articulate the expected learning outcomes. (If distinct note them distinctly, if common restate).

AGACNP Postmaster's

Q42. How do you collect and report data on the achievement of these learning outcomes for each program concentration or track?

The DON maintains a systematic plan of evaluation (SPE) for all programs as required by Accreditation Commission for Education in Nursing (ACEN). The SPE contains the assessment of the end of program student learning outcomes for the program as well as program outcomes which include NCLEX pass rates, employment, and program completion. The assessment occurs annually, and information is shared in the Fall with nursing faculty and with the DON Advisory Board in the spring. The MSN program faculty make recommendations for changes to the plan and activities based on trended data.

Q43. Report and analyze the learning outcomes associated with each program concentration or track

The DON reports a summary of achievement for one student learning outcome each fall to share with faculty. The SPE is in a shared folder where lead faculty have access to input information and see results. For example, for the student learning outcome, Synthesize nursing and related sciences to continually improve healthcare outcomes for individuals, families, communities, populations or systems in a multicultural society, 100% of the students met this goal with 11 AGCNP and 18 PMC participating.

32. How many students participated in the assessment of these learning outcomes, in this program, for this assessment cycle at this location? (Provide Number)

18
