The redesigned Georgia Academy has reemerged after undergoing a phase of discontinuation. The assessment framework provides insights into the effectiveness of our existing practices, policies, and structures within the dual enrollment program. Through this data analysis, we gain a view of the program's accomplishments and areas of improvement. As we move forward, these analytical outcomes assist our decision-making towards continuous improvement. We have created targeted initiatives to foster partnerships and facilitate the provision of additional classes directly at various high schools. This strategic maneuver has enabled us to mitigate constraints and offer more flexible learning opportunities for students.
