Dear Dr. Blake:

Thank you for your letter of August 18, 2014, to the Commission regarding the new Certificate program in Aviation Maintenance Technology Part 65, effective fall 2014.

The program complements the institution's existing associate, baccalaureate, certificate, and diploma programs in aviation and aviation maintenance and structural technology. The Certificate will be offered on the institution's approved Eastman campus.

Because the program does not represent a significant departure from the institution's approved curriculum, we acknowledge the information, will add it to our files, and request no further information.

Best regards,

Belle S. Wheelan, Ph.D.
President
