

Recreation and Wellness

- All students, staff, guests, and members will be required to wear face masks in all areas of the centers (not including indoor pool on the Macon campus—Outdoor pool on the Cochran campus will be closed this season)
- Tape will be marked (6 ft. apart) in areas where lines may form such as the front desk check-in and the equipment check-out area
- The cardio machines will be spaced out 6 ft. apart or more
- Social distancing must be observed throughout the facility
- The water fountains will have only the bottle fill stations available for use
- Staff members will be required to clean and check off areas of the facility throughout the day
- MGA will properly clean and disinfect the facility each day
- Students and members will be required to clean their equipment after each use with the provided wipes and/or spray
- There will be a “maximum occupancy” in each area of the facility. The staff will monitor the areas and record numbers to ensure that the numbers are observed
- All scheduled rec/wellness events will be limited to 10 individuals or less and the activities will abide by the Center for Disease Control’s social distancing guidelines
- Daily use towels will not be available to check out for the time being (Please provide your own towel if needed)

Intramurals

- Instead of 7v7 Flag Football in the Fall we will play 4v4 Flag Football.
- We will incorporate more E-Games with a variety of genres represented.
- Incorporate games outside that have low personal contact and can be played with less members per team (I.e. Wiffleball, Sand Volleyball, and Kickball)
- Having individual events and having students sign up for time slots rather than a crowd waiting around. (I.e. Weightlifting, Triathlon, and 3 Point Contest)
