

Petition for Presidential Out-of-State Tuition Waiver Academic and International Waiver for Continuing Students

In accordance with BOR Policy 7.3.4.1, Middle Georgia State University awards a limited number of Out-of-State Tuition Waivers annually. Initial awarding of waivers is done on a first come, first serve basis and applicants are not guaranteed a waiver after the allowable number of waivers have been issued. To be considered for a Presidential waiver, new applicants must meet all of the criteria listed below:

Criteria for Continuing Student Waiver

- Undergraduate level
- 30+ hours earned at MGA
- Cumulative Overall GPA 3.00
- Full-time; minimum 12 credits of in-person coursework - online courses are ineligible
- Student must have satisfied all prior semester balances
- Student must be registered for term of waiver requested

Waivers for continuing students are only applicable for one academic year fall and spring semesters with no option to renew. Students awarded in a spring term are only awarded for one term.

Waivers must be requested prior to the final fee payment deadline.

Waivers will be held for review until after the current term grades have been posted.
